

WONDER MAKERS ENVIRONMENTAL

APRIL 2014 E-NEWSLETTER

Training/Industry Updates & Opportunities

A Mold Remediation Technician class will be offered by Wonder Makers in Kalamazoo, Michigan, on May 13-15. Sign up soon to reserve your place since class size is limited. To register for class see our online registration page at wondermakers.com/education.

A CIRI Supervisor/Assessor course for the ISSA Clean Standard: K-12 is being offered on May 29 in Columbus, Ohio. To register for class contact CIRI at 888-285-2474 or at www.CIRIScience.org

- Contact Susan Pinto at Wonder Makers for more information about this new course.

Update from RIA's conference in Orlando, Florida

- Wonder Makers' CEO, Michael Pinto, is contributing to the industry by serving on the Environmental Council.
 - The Asbestos Fact Sheet was released.
 - The Restoration Work in Hospitals Fact Sheet is nearing completion and will be released soon.
- We offered a Mold Refresher Course. Susan was able to attend the class this time, and even she was surprised by the wide range of changes in the industry over such a short time. The wisdom of Michael's recommendation that professionals in the restoration industry get to a refresher class every two or three years really struck a chord with her since there have been so many changes in the industry.
- In addition to sharing our knowledge, we added to our understanding of industry products and processes by talking with a number of the chemical manufacturers and equipment distributors. Keeping abreast of industry developments is critical, especially because we offer Mold Refresher classes.

If you are interested in starting a chapter of the IAQA—or expanding an existing chapter—contact Michael at Wonder Makers for information and assistance
